

To our valued Blue Cross/Blue Shield patients,

Beginning January 1st, 2012, payment for all services rendered is due in full at time of service for all Blue Cross/Blue Shield patients. This change is necessary due to Georgia Spine and Sports Rehab being an out of network provider, and Blue Cross/Blue Shield's policy of reimbursing the patient directly.

Coverage of services in our office is dependent on your specific contract with Blue Cross/Blue Shield. As a result, some services may not be covered by your individual policy. Even though you have health insurance, you as the guarantor are responsible for payment of all services provided by Georgia Spine and Sports Rehab. Georgia Spine and Sports Rehab will bill your insurance company for all services rendered, with the information you have provided us, as a courtesy to help facilitate your reimbursement. However, Georgia Spine and Sports Rehab is not responsible for any payment, negotiation or contract between the patient and Blue Cross/Blue Shield. If your insurance information has changed, please notify us immediately so we may bill the correct insurance policy. You are responsible for knowing the benefits and provisions of your particular insurance plan. If you have any questions regarding your benefits, please contact your carrier prior to your visit in the office.

Read and agreed to this _____ day of _____, 2012
